## **About the ENT Updates**

ENT Updates is a peer reviewed, open access, online-only journal published by AVES.

ENT Updates is a triannually journal that is published in English in April, August, and December.

## **Journal History**

ENT Updates started its publication life titled under "Journal of Medical Updates" in 2011. As of 2015; the journal has changed its title to "ENT Updates". Archives of the journal were transferred to ENT Updates.

## **Previous Title (2011 – 2015)**

Journal of Medical Updates  
EISSN: 2147-5067

## **Current Title (2015- ...)**

ENT Updates  
EISSN: 2149-6498

## **Abstracting and indexing**

ENT Updates is covered in the following abstracting and indexing databases; Web of Science-Emerging Sources Citation Index, DOAJ, EBSCO, Proquest, CNKI, TUBITAK ULAKBIM TR Index.

## **Aims, Scope, and Audience**

ENT Updates aims to publish studies of the highest scientific and clinical value, and encourages the submission of high-quality research that advance the understanding of otorhinolaryngology and related subjects.

ENT Updates covers a wide range of topics related to otorhinolaryngology, including diagnostic methods, treatment techniques, and prevention strategies. The journal is interested in publishing original research that addresses important clinical questions and advances the understanding and treatment of these conditions. This may include studies on the effectiveness of different treatments, new diagnostic tools or techniques, and novel approaches to preventing or managing conditions related to the ears, nose, and throat.

ENT Updates publishes clinical and basic research articles, experimental studies, reviews, case reports, expert opinion on guidelines, systematic reviews, bibliometric analysis, historic communications, and letters to the editors.

The target audience of the journal includes healthcare professionals, physicians, and researchers who are interested in or working in the otorhinolaryngology field, and related disciplines.

## **Open Access Policy**

ENT Updates is an open access publication.

Starting on April 2021 issue, all content published in the journal is licensed under the Creative Commons Attribution-NonCommercial (CC BY-NC) 4.0 International License which allows third parties to use the content for non-commercial purposes as long as they give credit to the original work. This license allows for the content to be shared and adapted for non-commercial purposes, promoting the dissemination and use of the research published in the journal.

The content published before April 2021 was licensed under a traditional copyright, but the archive is still available for free access.

All published content is available online, free of charge at [entupdates.com](http://entupdates.com).

When using previously published content, including figures, tables, or any other material in both print and electronic formats, authors must obtain permission from the copyright holder. Legal, financial and criminal liabilities in this regard belong to the author(s).

## **Copyright Policy**

A Copyright Agreement and Acknowledgement of Authorship form should be submitted with all manuscripts. By signing this form, authors agree that the article, if accepted for publication by the ENT Updates will be licensed under a Creative Commons Attribution-Non Commercial 4.0 International License (CC BY-NC 4.0) which permits third parties to share and adapt the content for non-commercial purposes by giving the appropriate credit to the original work.

When using previously published content, including figures, tables, or any other material in both print and electronic formats, authors must obtain permission from the copyright holder. Legal, financial and criminal liabilities in this regard belong to the author(s).

Authors retain the copyright of their published work in the ENT Updates.
